

# California OES Weather Threat Briefing

Friday, May 29, 2020  
9:00 AM PDT

- 
- **Day 1 (Friday):** Moderate heat impacts are expected across southeast CA today.

National Weather Service  
*Western Region Headquarters  
Regional Operations Center  
Salt Lake City, UT*

# **WEATHER KEY POINTS**

**05/29/20 - 06/04/20**

## **Friday-Saturday**

- A cooling trend is expected starting Friday, though moderate heat impacts will continue in some areas, especially in southeastern CA.
- Showers and thunderstorms will increase across northern CA late Friday through Saturday.
  - Gusty winds, heavy rain and hail are possible with the stronger storms
  - The chance for heavy rain will be highest close to the Oregon border
- Areas of gusty winds are expected Friday and Saturday, especially near the Nevada border

## **Sunday-Wednesday**

- Lingering showers and thunderstorms are possible across primarily northern and central CA Sunday through the end of next week, with the best coverage of showers in the mountains
